

GRADES K-5 MATH - SUMMER 2025 Practice Resources

How to Access the MATH SUMMER Practice Resources from Home

All students in K-5 have access to their iReady dashboard - math games, MyPath - Bookshelf - until mid-August, 2025, (until the rollover for the new school year), and students can access iReady and some additional Summer Practice Pages through their CLEVER PORTAL. Navigate to www.woboe.org and click on FOR STUDENTS and then CLEVER PORTAL.

Students can access the Clever Portal the same way they access it from the classroom - younger students use their Clever Badge and computer camera, other students use a username (@westorangeschools.org) and password.

In Clever, a folder of summer practice materials can be accessed by clicking on the “pencil” icon under the District “Academic” section. Materials are available in both English and Spanish. Complete the packet for the grade level that the student just completed.

THESE ARE OPTIONAL ACTIVITIES for K-5 students and are not required.

ESTAS SON ACTIVIDADES OPCIONALES para estudiantes de K-5 y no son obligatorias.

SA YO SE AKTIVITE OPTIONNAL pou elèv K-5 e yo pa obligatawa

Students may access the content by logging into their West Orange School CLEVER Account.
